

## Performer Arch

Sustaining the aesthetic beauty of the larger Performer Dome, the Performer Arch is ideal for smaller or younger groups of children. It will invite children to hide, seek, climb and perform in a world of rope, climbing bars and coloured membranes.

The Arch is built to cater for children's creative role playing nature, while also providing a great diversity in play value. It is also good for games such as "hide and seek" or "don't touch the ground".

Suitable age	Rope	Rope diameter	Mesh size	Space cells	Height	Floor space <sup>1)</sup>	Fall height <sup>2)</sup>	Need of concrete
≥ 3 years	57 m	19/21 mm	nonexistent	nonexistent	3,00 m	6,00 x 1,10 m	max. 2,25 m	2,00 m <sup>3</sup>

<sup>1)</sup> Please ask for total area requirement.

<sup>2)</sup> Underground material has to be taken from the table in the annex.

scale 1 : 200

Impact area in accordance with EN 1176-1: 35.80 m<sup>2</sup>

**Technical details:**

See annex for the description of all components.  
 Net completely made of six-stranded and tempered Corocord®-rope.  
 The steel wire cores of the six strands are heated and coated with polyamide; edge ropes are reinforced with additional steel wire core.  
 Corocord®-membrane reinforced with 4 textile layers.

Support construction consisting of:

1 steel arch, hot-dipped, with Corocord®-aluminium clamps

Foundations

2 arch foundations 120 x 120 x 70 cm

Attention! Foundations are to be completed exactly in accordance with current installation instructions.

**Safety:**

Examined by TÜV PRODUCT SERVICE per EN 1176

**Maintenance:**

Inspection of components.

**Performer Arch elements:**

1 climbing wall of HDPE material  
 3 membranes (red, green and orange)  
 1 large UFO (yellow)  
 1 piece of rope tread rubberizing  
 8 aluminium bars with rubber caps
